

NEHA METKAR

ABOUT ME

Overall 3.7+ years of professional experience in IT, including 2+ years of specialization in ReactJS UI developer. Specialized in creating robust, scalable, and user-centric applications.

Hands-on experience in web application development using ReactJS, JavaScript, Typescript, Bootstrap4, CSS3 and HTML5, MySQL and Git.

EDUCATION

College of Engineering and Technology, Akola

- Bachelor of Engineering in Computer Science, 2021

WORK EXPERIENCE

Capgemini

Sr. Analyst/ Software Engineer – July 2023 - Current

Project Overview:

Developed a web portal to enable Vodafone's Mobile and Fixed network users to raise network issues online. This portal streamlined issue reporting, provided faster response times, and reduced user downtime by eliminating the need for phone-based requests.

Key Contributions:

- Designed and implemented responsive user interfaces using ReactJS and Bootstrap4.
- Collaborated with the backend team to ensure proper data flow.

Analyst/ Software Engineer - Dec 2021 - July2023

Project Overview:

UBS Group AG is a leading Swiss multinational investment bank and financial services company, recognized as the largest Swiss banking institution and the largest private bank worldwide.

Key Contributions:

- Developed and optimized front-end components using ReactJS and ReduxJS for seamless user experiences.
- Designed and implemented responsive user interfaces using CSS3 and HTML5.
- Conducted code reviews and debugging to maintain high code quality.

Pune Maharashtra - 411057
